

# TOP WATER-PROOFING WEIGHTING SCALE SPECIFICATION

## Design for wet environment

- Passed 168 hours salt fog test
- Water proofing range

## Easy cleanliness

- Enough gap between platter and body easy cleanliness

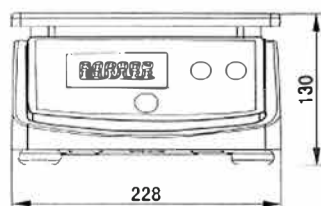

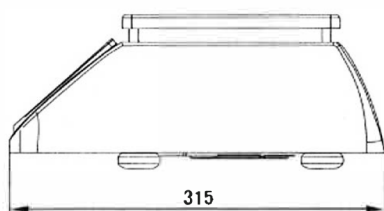

## LEDdisplay with lightness adjustment

- Antifogging performance with display in wet environment
- Operator can adjust the display lightness

## Excellent mechanical design

- Excellent construction design, good performance on water proofing

Weighing Range	Max.	e
	1.5kg	0.75/1.5kg : 0.5/1g
	3kg	1.5/3kg : 1/2g
	7.5kg	3/7.5kg : 2/5g
	15kg	7.5kg/15kg : 5/10g
	30kg	15/30kg : 10/20g
Platter Size	182x266mm	
Voltage	220V/50Hz	Lead-Acid Cell 6V/5Ah
Display	LEDdisplay	
Temperature	-5°C ~40°C	
Humidity	Humidity ≤ 100%	
Tare	Full Capacity	

## Application Scope Food Processing Plant

- Aquatic Products
- Poultry Meat
- Frozen Food
- Cdd-Dry Vegetable
- Dry Goods Packing
- Etc.
